Leroy:

Sewer Discharge: This information needs to be sent to the City of Houston at the end of each month. I copied you on what I sent to the City of Houston on the discharge spreadsheet. I believe that it is accurate so you really don't need to update unless it is inaccurate.

Fire Hydrant Water Usage: We need to send the fire hydrant usage each month by the 16th. I would like this on a spreadsheet as well so that we have a log of the usage.

Thanks

Gary:

We have completed the check request for the deposit. I have not received it yet at the hotel. I will check on it today. As soon as I receive it I will pass it forward to the City of Houston. Shortly, I will have the discharge spreadsheet updated. We have not used any additional water from the City since the readings on 11-4-2014.

Gary,

The discharge spreadsheet has been forwarded for billing. The bill will be emailed and a paper copy mailed to your office in Dallas.

The only transient read I have is the one you called in on 11-4-14. The deposit bill was emailed to you 11-5-14 and again 11-20-14. Thank you for checking with the contractors as no payment has been received.

Bonnie:

Unfortunately, the bills are going to my office in Dallas and since I am on-site in Houston M-F I do not get my mail. I have given the invoice to my contractor (CB&I Federal Services) and the transient meter deposit should be paid or may have already been paid. I believe that we have sent the transient meter reading to you guys around the 16th of November so let me know if you did not receive and I will get that to you. As for the Sewer Meter readings, see attached.

Let me know if you are not getting what you need and I will try to make the necessary adjustments.

Thanks

Gary,

Yes, you can email the information for both meters to me and I will forward to proper areas. The transient meter still has not had the deposit paid and this must be done before I can have the read cards issued. We have sent out two bills. For your convenience, I have attached another bill with this email.

Account Name	Location Address	Account Number
CES Environmental Serv	4904 Griggs Rd	5010 0034 3019 Sewer (surface water discharge)
United States Environmental	4904 Griggs Rd	4328 6902 6018 Transient Meter (water use)

Bonnie:

I also have a water meter. Is there any way I can coordinate the submittal of the information for both the water meter and the sewer meter?

Thanks

Gary,

Thanks for giving me time to get back with you in reference to the account billing. The account will bill the 1st of each month. Please send me your daily read spreadsheet by the last day of each month for the billing to be completed on time.

Any questions please let me know.

Gary,

I had not received the meter or testing information to complete the account set up. I am checking on that now and will let you know.

Bonnie - can you please reply to Gary Moore of EPA? I thought there was a meter there reporting volumes directly to the City.

James

Can you give me dates that I am suppose to be reporting volumes discharged to the sanitary sewer?

Thanks

Gary Moore
